WHEN MAYORS of Alameda County return to our city today, they may find our city fathers dragging just a bit about accomplishments of the past year. Even the University of California is taking a long look at us, conducting a survey to see if it can determine why, after years of trying, our citizens successfully passed bond issues for city buildings and school buildings in one year. Then there's the Buchanan Bypass, Marin extension, new construction . . . not to mention the marvelous renovation at Golden Gate Fields itself!

THAT HOUSE at 948 San Pablo, where police found all the merchandise stolen from the railroads, is not much to look at, but the owners, it is reported, wanted \$40,000 for it a few months ago. Which prompted Police Sgt. Carl Lindh to quip, "Maybe they meant 'as is'—including the loot."

HAPPY ANNIVERSARY to Joy Foods at 747 San Pablo, Jim and Johnny have asked us to thank you for your patronage and to look at the back page of today's paper for the anniversary bargains they're offering.

JIM OSER, a young newspaper boy, was out collecting the other night. A man gave him currency in a darkened hallway and when Jim got outside he saw the man had given him a \$50 bill. He was back at the door before the grateful customer realized his mistake.

BUD READ'S wife, Gwen, presented him with a new son recently. Proud Pop, who is with McGregor Homes, passed out cigars.

Petition of Protest Tables Action by Council on Kains Off-Street Parking

A petition of protest signed by 21 businessmen and citizen homeowners resulted in the tabling of Resolution No. 65-35, removing parking restrictions on the 800 block of Kains Ave. for a 30-day trial period, by the Albany City Council at the regular Council session Monday night, April 5.

The petition, instigated by George Bernard and William Garren, prominent Albany businessmen, requested a closer study of the off-street parking in that area and a public hearing. The petition stated that the resolution would be "harmful to business," was a hasty step, would plug parking in front of private dwellings, and that the public had not been properly informed of the intention of the action. The City Council has called for a public hearing on the issue to be held in the Council chambers at the next meeting, Monday night, April 12.

In a statement to the press, Mr. Garren said, "The resolution is opposite to the city plan recommended by Herman Ruth and now under consideration. Ten years ago it was the homeowners who asked for the parking restriction because parking places in front of their homes were plugged. I urge citizens to attend the public hearing. The situation has not changed in the last ten years, it has just become more acute."

Resolution 65-37 establishing an eligible list for taxi permits was adopted unanimously by the Council. The resolution sets up a priority list for taxi companies applying for permanent permits within the city. Allowing one permit per cab company, the city would take the top name from the list when an opening occurs.

After approval by the city attorney and the chief of police, the permit would be granted. A recommendation for rejection of present bids for remodeling rest rooms at Memorial Park by Administrative Officer James B. Turner was tabled. Turner's recommendation included the alternative that the city act as contractor, thus keeping the financial expenditure within the budgeted area. Councilman Joseph Egenberger moved that the city engineer present the revised method of procedure at a work session next Monday night. The motion seconded by Councilman Richard Clark, passed two to one with Mayor George Hein voting against and Councilman Lewis Howell abstaining.

Other Council business included the adoption of a resolution to be set up emulating Berkeley action by resolution favoring self government, self-determination and the right of all citizens to vote; with copies to be sent to local representatives in Washington, D.C., and direction to reactivate the Citizens Committee on Goals and Objectives to study the preliminary proposed general plan of City Planner Herman Ruth, to see how closely the plan adheres to their objectives as come up with their findings by May 6.

Payment of \$2,010 to Orrie Dahlquist, Herrington & Sutcliffe Counselors, was directed by Council following the final opinion on the \$670,000 City of Albany 1965 public building bonds.

We at Dagna's salute Golden Gate Fields and "Albany Day" at the track, with some value that are sure things. Without nagging we would like to pass on some inside information from these expert touts, such as: JIM'S claim that what he has is straight from the horse's mouth (dog food). Coming around the far turn, there is MIKE with his long-green producing best tips (asparagus), while staked out at the meat counter is ED and BOB, who will keep you from getting trimmed, as well as the meat. Then there's MARION'S daily double of a couple of sharpies that he got from a wheel (cheddar and Tillamook, that is) ... and rounding out the program there's JOE, BILL, CRAIG and DON (our staple boys) offering some wire-to-wire selections that will give your dollar the best possible stretch performance. ... So remember - whether it be win, place or show, make tracks to Dagna's. ... You are the winner, we know ... or we'll eat our derbys.

THE JOINT meeting scheduled for Albany Lions and Albany Rotary club tomorrow night has been postponed because Speaker Rene Herreras, UC basketball coach, will be unable to appear. The event was to have been a father-son gathering.

BOB NEHLES, Berkeley-Albany district manager for Farmers Insurance, has announced he will be opening a new office about April 15 at 846A San Pablo with Earl Smith (secretary of Albany Moose lodge) and Ed Ledbetter in charge of the office.

HATE TO RUIN YOUR DAY, but the second installments of city and county property taxes are due April 12 and there are only eight more juggling (plotting?) days until Pat and Lyndon will be expecting their annual income tax reports.

DO TRY TO make it to the open house at the Orientation Center for the Blind on Friday. It is a beautiful addition to Albany. Those in charge were wise to wait until it was in operation before inviting the public to see it. Now you can see the staff

actually working with the blind—it's mighty impressive!

FUNNY ITEM (In its entirety) from the police bulletin: "Subject called asking that an officer come to the house. On arrival found that he wanted me to look at the front bedroom. I did so; it was a mess." (?)

MARY PRYOR writes the Chamber of Commerce from Spokane, Wash., that she is interested in moving to Albany. She has picked Albany because she is a horse-race fan and "you have beautiful Golden Gate Fields there." She wonders if there are "inexpensive type homes for sale near the racetrack." Mrs. Pryor, a salesclerk, also enclosed money to "send the Albany newspaper for as long as it is worth . . . providing you have one." Welcome to the subscription list, Mary, and we hope you decide to move to our city.

BRIGHT IDEA—Albany is so progressive lately that it might be the time to enter the All-America City contest. These awards are given on the basis of accomplishment and plans for the future. We have both. Wouldn't it be GREAT if we won it?

TILDEN PARK PROJECTS REVIEWED BY DISTRICT

hundreds of projects in various stages of development at Tilden Regional Park, Berkeley, have been reviewed by East Bay Regional Park directors.

Projects—the \$130,000 improvement program at Lake Anza and the \$31,500 renovation of the Brazilian room—are nearing completion. Three other projects described as in the planning stage include rehabilitation of the 18-hole Tilden Park golf course, an Interpretive Center, Tilden's Nature Area, and proposed day and overnight facilities.

Improved facilities for swimming and sunbathing at Lake Anza in Tilden Park are slated for completion early in the summer. Now under construction is a sport complex containing a men's and women's dressing room and showers, concession entrance pavilion, sunbathing terrace, and life guard station. The beach area has been

enlarged to four times its former size and opened to full afternoon sunlight through the removal of a few eucalyptus trees. Improved parking and a new plaza overlook are also included in the development. Work on the project was begun last summer with the removal of silt from the lake bottom. Lake Anza was closed last summer because rain shortage left the lake below safe swimming level.

A landmark at the Golden Gate International Exposition on Treasure Island, where it was used by the Republic of Brazil, the Brazilian Room has undergone extensive renovation, with a new lighting and heating system, a remodeled kitchen, new dining tables and chairs, and improved dressing room facilities. It has been a popular meeting spot for East Bay groups and a familiar setting for both weddings and receptions since it was moved to Tilden Regional Park from the

Exposition in 1941.

According to Jerry Kent, Regional Park District golf course maintenance supervisor, rehabilitation of the Tilden golf course would include changes to speed up play and make it easier for novice golfers, while still maintaining the course's challenge to experienced golfers.

The new Interpretive Center, slated for completion sometime next year, will house display areas, which will include live animals and birds, along with special facilities for the District's school program, administrative offices and facilities for the preparation of exhibits.

A scale model of a shelter for the proposed Camp Fire Girls camp in Tilden Park was shown to Park Directors, who approved a preliminary site plan for the project.

Open House at Security Savings, Loan to April 12

Bernice Boyd, manager since 1954 of Security Savings and Loan at 1377 Solano, and her staff invite area residents to Open House with free refreshments and a variety of free books and booklets for everyone from now through April 12.

Hours Monday through Thursday are 9 a.m. to 4 p.m.; Fridays, 9 a.m. to 6 p.m.

Booklets include The Mercury Book of Outdoor Living, a complete guide to family boating, water skiing, camping, skin diving, fishing, hunting and outdoor cookery. Others include "Straight Steers for Pleasure Cruising," "River Ways," "California Marine Station Directory," and a variety of Coast Guard water safety booklets.

Security Savings, a subsidiary of California Financial Corporation, has been in business 39 years. Albany office is one of

nine. Headquarters are in San Francisco.

The local office was transformed into a modern, new addition to Solano in 1960.

Mrs. Boyd, who joined the company in 1946, is now assistant vice president of the firm in addition to managing the Albany office.

Her staff includes Ozell Griffin, who has been an employee six and a half years; Addie Pierce, one year; Polly Moralli, one year, and two part-time employees since 1960, Betty Picton and Clara Helbaum.

Florence Quiggle is in charge of the open house, which is an event of the first 10 days of each new quarter.

A feature of the Albany office is the Friendship Room, which is booked solid for meetings of various groups.

"I could use another one just like it," Mrs. Boyd says.

APRIL 8, 1965

Is tomorrow the day you find Security?

Security is higher interest for your savings with safety you can count on. Security Savings's 4.85% current annual rate (paid or compounded quarterly) is 21% higher than the bank rate. Security's \$200 million in resources guard your savings, and so does account insurance to \$10,000 from a permanent U. S. Government agency.

This is complete Security, and tomorrow is the day to get it. This is the quarterly transfer period, the time to move your account to Security Savings without losing a day's interest. And this is the time to get up to 12 days free interest, because savings in by April 12 earn from the first. Security is easy to find: we have 9 Bay Area offices.

Come to Security's Open House—

This is the time to see what Security's like, because we're having open house with coffee and cookies now through April 12. Come in to the nearest office, meet the manager, and discover the advantages of an insured Security Savings account.

An exciting six-foot-long light and motion display of American Airlines Astrovision will be featured at the American Savings branch at 1870 Solano Ave. Visiting adults will receive a well-illustrated travel booklet titled, "Discover the U.S.A. the American Way," written especially for the program by Pulitzer prize winner and internationally syndicated travel columnist, Stanton Delaplane.

Dedication for Orientation Center Friday

New Orientation Center for Blind Dedication Ceremonies Set Friday

Open house beginning at 10 a.m. and formal dedication ceremonies at 2 p.m. this Friday will mark the official opening of the beautiful new \$1,500,000 Orientation Center for the Blind at 400 Adams in Albany.

The center has been in operation for several months. Official dedication will feature talks by Assemblyman Byron Rumford,

Mayor George Hein and others. The public is urged to attend and inspect the new facility.

Financed entirely by State and Federal funds, the center is the only one of its kind in a state where at least 3,000 people become blind each year, Administrator Allen Jenkins said.

The institution is not custodial. On the average, blind people

spend about six months there in an "atmosphere of reasoned optimism."

According to Jenkins, who has been blind since a boyhood accident, the loss of sight is a little like death. The person wonders what he can do. There is frustration and the need to make a new evaluation of himself.

"Once blindness is properly confronted, the person can go on

to a 'normal life,' Jenkins said. In assisting the blind person in his confrontation, the center offers training in independent travel (the sweeping cane, now a familiar sight on Albany streets, is a vital part of this); communication in braille and typing, dialing telephones, identification of money, personal care, identifying colors of clothing, and all the taken-for-granted skills a sighted person must learn when he becomes blind.

Industrial arts, involving the use of hand and power tools in both metal and wood work; home economics, where students learn cooking, sewing and other tasks involved in homemaking; business methods, including the use of the Abacus, and other skills are taught.

Of interest are the raised maps of Albany, the center, the area and even the world which may be used by the blind in the orientation process as he frees himself from the social prison imposed by loss of sight.

A person must be a high school graduate in order to be admitted. Two to a dormitory room is the rule, and there is no charge to the blind person who comes

there. Twenty to 25 students are enrolled at a time now, but when the current staff of six (three blind, three sighted) is expanded to 12, the limit will be increased to about 40.

Built with gas tax funds, the center did not cause any increase in taxes. It represents a radical departure from the traditional views of blindness. When the former location on Telegraph Avenue in Oakland (Jenkins came as its first administrator)

In 1951) was needed for other purposes, the center was moved to its present location. After completing the training and guidance to develop a marketable skill, the students are offered the opportunity of a job placement, Jenkins said.

SENIOR CITIZENS

846 Masonic

By Emma Claymore

The usual monthly business meeting was held Tuesday, April 6, at 1:30 p.m. A good crowd was in attendance and many plans were discussed pertaining to programs for the summer.

All those members who attended the showing of My Fair Lady at the Coronet Theater on Wednesday, March 31, were very enthusiastic in their praise and very happy that they had been able to see it.

A musical recital will be given at the Blind Recreation Center on Opal Street in Oakland Monday, April 12. Any senior who would like to go is asked to make reservations for a ride with Beulah at 526-1601.

All seniors are advised to take advantage of the free Mobile Eye Clinic which will be at Dagna's parking lot on Solano all day Saturday, April 17, through the courtesy of the Albany Lions Club.

An Easter Bonnet parade will be held Thursday, April 15. Both men and women may compete and prizes will be given. Put your wits to work and see what you can create. It may be beautiful, original or just plain wacky. Seniors received a new citation, of which they are very proud, from the Easter Seal Foundation for their help in this work.

Sundays cards are played at the center from noon to 6 p.m.

CUB PACK 3 THANKS BREAKFAST SPONSORS

At Cub Pack 3's pack meeting, J. Delton Greer thanked everyone who helped make the Pancake Breakfast a success. He included the merchants who donated much of the food and all who permitted Cub posters to be placed in their windows. The Cubs also thank everyone who came and ate the breakfast.

Cub Pack 3 is now sponsored by the Albany Junior Chamber of Commerce. Formerly it was sponsored by Marin Dad's Club, which has disbanded.

Awards were given: Bear

badges and some Gold and Silver Arrows to Chandran Arulanandan, Chris Besette, Billy Brownell, Doug Nason, Mike Sterlino and Kevin Rivard. Lion badges and some Gold and Silver Arrows were given to Stewart Hoffman and Bob Onweller. Also to Larry Burton, Jimmy Hansen and Steve Marra, who then advanced into the Webelos Den. Robert Innes received a Lion Silver Arrow.

The Flag ceremony was presented by Den 4. Den 2 gave a skit. A sea shell program was presented by Mrs. Wanda Martin.

REPORTS THEFT

Byron Burnes of Oakland reported to Albany police March 31 that someone had stolen his golf clubs, cart, bag and shoes from his car while it was parked at Albany Bowl. The loss was valued at \$75.

She showed colored slides and gave a talk which was enjoyed by everyone. She had many shells on display. After the program, there was a trial run of the Cub rockets which they made with their dad's help. Next month there will be races to see who made the best and fastest rockets. This should be an interesting meeting for anyone who would like to visit and see Cubs in action.

Many Seniors Selected for Junior Bach

Many seniors Cynthia Bedard and Charlotte Grösz have been selected to perform in this year's Junior Bach Festival in April.

Charlotte and Cynthia were selected on the basis of non-competition auditions, which were held on February 27. Of the 241 individuals who auditioned, they are among the 64 who were accepted.

Charlotte will have the unusual job of performing twice in one year. She has been selected to play the violin, and

IT'S A GIRL

Mr. and Mrs. Doug Noad of 727 Evelyn are the parents of a girl, Mindy Christeen, born on March 6.

The Junior Bach Festival will be presented April 21-25, and the five concerts will be broadcast live over KPFA, Berkeley's listener-supported FM radio station.

Junior Bach is in its twelfth year of existence, and it continues to offer the best young local musicians an opportunity to play Bach. It is headed by Albany's Eldon Wolf, who, of course, is overjoyed that two Albany students will be in it this year. "They did a tremendous job at the auditions," he said of Cynthia and Charlotte.

Auto Driving Class Offered

The auto-driving class of the Albany adult school, 603 Key Route Blvd., will accept new registrations, both of adults and students 15½ years of age attending private or parochial schools where driving is not taught, for the spring quarter. Those living in or out of Albany are accepted and can register either on Tuesday, April 6, or Thursday, April 8.

The course consists of a minimum of 30 hours classroom work, scheduled for Tuesday and Thursday evenings, 7 to 10, followed by an afternoon and evening schedule of behind-the-wheel instruction.

Bayview Auxiliary Meets on April 13

The next regular meeting of the Bayview Eagles auxiliary 2323 will be held on April 13 at 8 p.m. in the hall on Carlson Boulevard in El Cerrito. Balloting on three prospective members will take place.

Madam President Lola Astorg at the last meeting named Kathryn Hightman as chairman of the nomination committee. She will be assisted by Florence Née and Elvina Gould. Nominations of officers will be held at the April 27 meeting.

Refreshments for the two April meetings will be handled by Mary Broderson, Billie Day and Florence Zick.

Local Soroptimists Head For Regional Meeting

"Soroptimists in Today's World" has been selected as the theme for the Regional Conference of the Southwestern Region of the Soroptimist Federation of the Americas, Inc., at the Thunderbird Hotel in Millbrae.

More than 800 Soroptimists, from 121 clubs in Northern California, Nevada and Hawaii, will attend. Regional Governor Mary Ellen George of Saratoga will preside.

Soroptimist clubs of Belmont and San Carlos will host the event. District Director Mary Gianotti of El Cerrito will be active in arranging the affair. President Bernice W. Boyd of the Albany Soroptimist club announced that Myrtle J. McLean, Albany City Clerk; Dorothy Simmons, Simmons Shades; and Antoinette Stallone, secretary for Dr. Victor Stallone, will be among Albany members who will accompany her to the three-day conference on April 23, 24, and 25.

Presiding officer at the three-day event will be Governor MaryEllen George of Saratoga, who will also be guest of honor at a Saturday evening banquet. The banquet will also honor keynote speaker would be Blanche T. Rogers, second vice president of Soroptimist Federation of the Americas, Inc.

Friday events will include a luncheon and business session for regional board members, registration, and a buffet supper and informal reception honoring Federation officers and past Regional governors.

Registration will continue on Saturday. Governor George will preside at the opening session, which will feature the keynote address and panel discussions.

Guest of honor at the Saturday luncheon will be Mrs. Rogers.

Soroptimist Club of Santa Rosa will assist the hostess club for this event, which will feature Fellowship Awards and presentation of Regional Fellows by Leone G. Chamberlin, regional fellowship chairman, and a roundtable discussion of the subject of "Public Relations."

The "S" Clubs, comprised of service-minded high school girls and sponsored by Soroptimist clubs, will take part in a panel discussion Saturday afternoon; and a final report of the nominating committee will be made.

A no-host friendship hour will precede the banquet Saturday evening, at which Governors George and DeHoff will be especially honored.

Continuing the three-day sessions will be the Sunday morning breakfast honoring club presidents and regional committees and the presentation of attendance, bulletin and press book awards, with Soroptimist clubs of Burlingame-San Mateo, Palo Alto-Menlo Park and Honolulu noting.

A Sunday morning Necrology service will be hosted by the Soroptimist clubs of San Leandro and Castro Valley; and the concluding session, again to be presided over by Governor George will feature the presentation of the Blanche Edgar Award and New Clubs by Evelyn Hoffman, regional extension chairman, and panel moderated by Regional Chairman Mary Kohler on the Soroptimist Foundation Endowment Fund.

Governor George will say "Aloha" with her concluding message—"Thinking Out Loud—Your Governors Hopes."
